SHEREX FASTENING SOLUTIONS

P: 716.875.0315

Sherex.com

info@sherex.com

- ◆ Sherex offers a variety of fasteners for structural attachments in thin sheet base materials.
- ◆ Our fastening solutions include: blind rivet nuts, blind rivet nut studs, nut and stud plates, and custom engineered specialty fasteners.
- ◆ TEC Series® and Disc-Lock® wedge locking products protect joints from loosening in high vibration and high load applications using proven wedge locking technology. Our wedge locking solutions include: Washers, Nuts and Bolts.

DISC-LOCK®

TECSERIES®

EUROLINK

P: 864.801.0505

EurolinkFSS.com

sales@eurolinkfss.com

- ◆ Eurolink is the premier US distributor of metric fasteners and specializes in complimenting and extending your basic fastener lines with hard-to-find metric fasteners manufactured to both DIN and ISO standards.
- ◆ As the nation's leading source for hard-to-find metric fasteners, Eurolink offers access to more than 100,000 quality C-class parts from numerous countries.
- ◆ Eurolink is driven by an underlying philosophy—to work with our customers, not as just another metric fastener importer, but as a supply chain problem solver.

E-Z LOK

P: 800.234.5613

EZLOK.com

sales@ezlok.com

E-Z LOK

- ◆ E-Z LOK offers an assortment of threaded inserts for use in metal, wood, plastic, and additive materials. The breadth of our products offered allows end-users, OEMs, and others to repair or create strong threads in whatever material or application they are working with.
- ◆ Competitive pricing, low minimums, and regional inventory make E-Z LOK your go-to supplier for threaded inserts. We stock a wide range of styles and lengths in inch and metric sizes with made-to-print custom specials available. Offered materials include steel, brass, aluminum, and stainless.
- ◆ E-Z Lok, a division of Tool Components, Inc. is a third-generation, family owned and operated business founded in 1956.

NYLOK

P: 714.481.0135

Ryan.shannon@nylok.com

Nylok.com

- ◆ Nylok offers a wide range of proven products which are designed to keep fasteners in place in the most extreme operating conditions.
- ◆ Nylok provides self-locking and sealing products, lubricants and thread protection products, and assembly retention coatings.
- ◆ Our engineers formulate and deliver value-added fastener solutions that address customer and market needs. With five processing plants in North America, including Anaheim, CA, Nylok is strategically positioned to serve the aerospace/defense, automotive, electronics, industrial and international market segments
